

We help you solve problems caused by:  
**PEOPLE, PROCESS, TECHNOLOGY**

## Our capabilities

### Partnering Opportunities

JuzSolutions, Inc. is dedicated to building strong, mutually beneficial partnerships with businesses of all sizes, providing cost-effective solutions for government and commercial clients. We are actively seeking subcontracting opportunities and are eager to collaborate with prime contractors. With a proven track record, we can also lead projects as a prime contractor and value working with experienced subcontractors who bring expertise to the table.

#### Staffing

At JuzSolutions, we understand that having the right talent is crucial to the success of your healthcare and technology operations. Our staffing solutions are tailored to provide you with highly skilled professionals who not only meet your specific needs but also align with your organization's culture, helping ensure that your team is equipped to drive success in today's competitive landscape.

#### Health/Wellness

JuzSolutions provides a comprehensive range of healthcare professionals, including psychiatrists, medical practitioners, nurses, specialists, and allied health professionals to meet the diverse needs of your healthcare operations. Our healthcare administration staffing solutions include skilled consultants to support and enhance your administrative operations.

#### Technology

With the rapid rate of technology being introduced, organizations may find it difficult to assimilate new technology into daily operations. We help address overwhelmed personnel, lost productivity, turnover, and inefficient implementations so that new technology actually delivers the results you expect.

#### Operations & Business

Even the most dynamic organizations can lose effectiveness and competitive edge due to broken or outdated processes, a shortage of critical skills to implement change, or an inability to improve systems and process inefficiencies. As business leaders who have faced these challenges firsthand, we apply our lessons learned and best practices to drive lasting improvement and success.

## Industries We Serve

**Healthcare  
(Providers /  
Healthcare  
Administration)**

**State, County  
and Federal  
Government**

**Commercial  
(Companies /  
sub Fortune 500)**

Shared Risk Pricing:  
We Share the Risk. If We Don't  
Deliver, You Don't Pay.
